

QS Series 2 Ink

EFI's VUTEK® QS Series 2 UV Ink is specially formulated for use in the VUTEK QS2000 and QS3200 from EFI™ to optimize the extensive range of applications on rigid and flexible substrates.

VUTEK QS Series 2 ink from EFI™ is a second generation UV ink designed to deliver increased performance that significantly enhances the flexible printer profile, making it better suited for applications requiring more flexible inks on a wide range of substrates. The QS Series 2 Ink enables you to streamline your operations, and increase production and profitability by utilizing one ink set.

Ideal applications include:

- Banners
- Posters
- Point-of-Purchase
- Bus shelters
- Window graphics
- Tradeshow and Event displays

QS Series 2 Ink is optimized and tested across a range of targeted substrates including, but not limited to:

- ACM
- Banner Vinyl
- Cardstock
- Expanded PVC
- Foam board
- Magnet
- Polycarbonate
- Polyester
- Polyester Textiles
- Polystyrene
- PSA/SAV
- PVC
- Paper
- PETG
- Synthetic Paper

QS Series 2 Ink is available in 3.25 liter containers:

C, M, Y, K, LC, LM and White.
